

Santa's Beard Prop Print-out

You will need

-  Scissors
-  Markers/Pencils
-  Tape
-  Paddle Pop Sticks

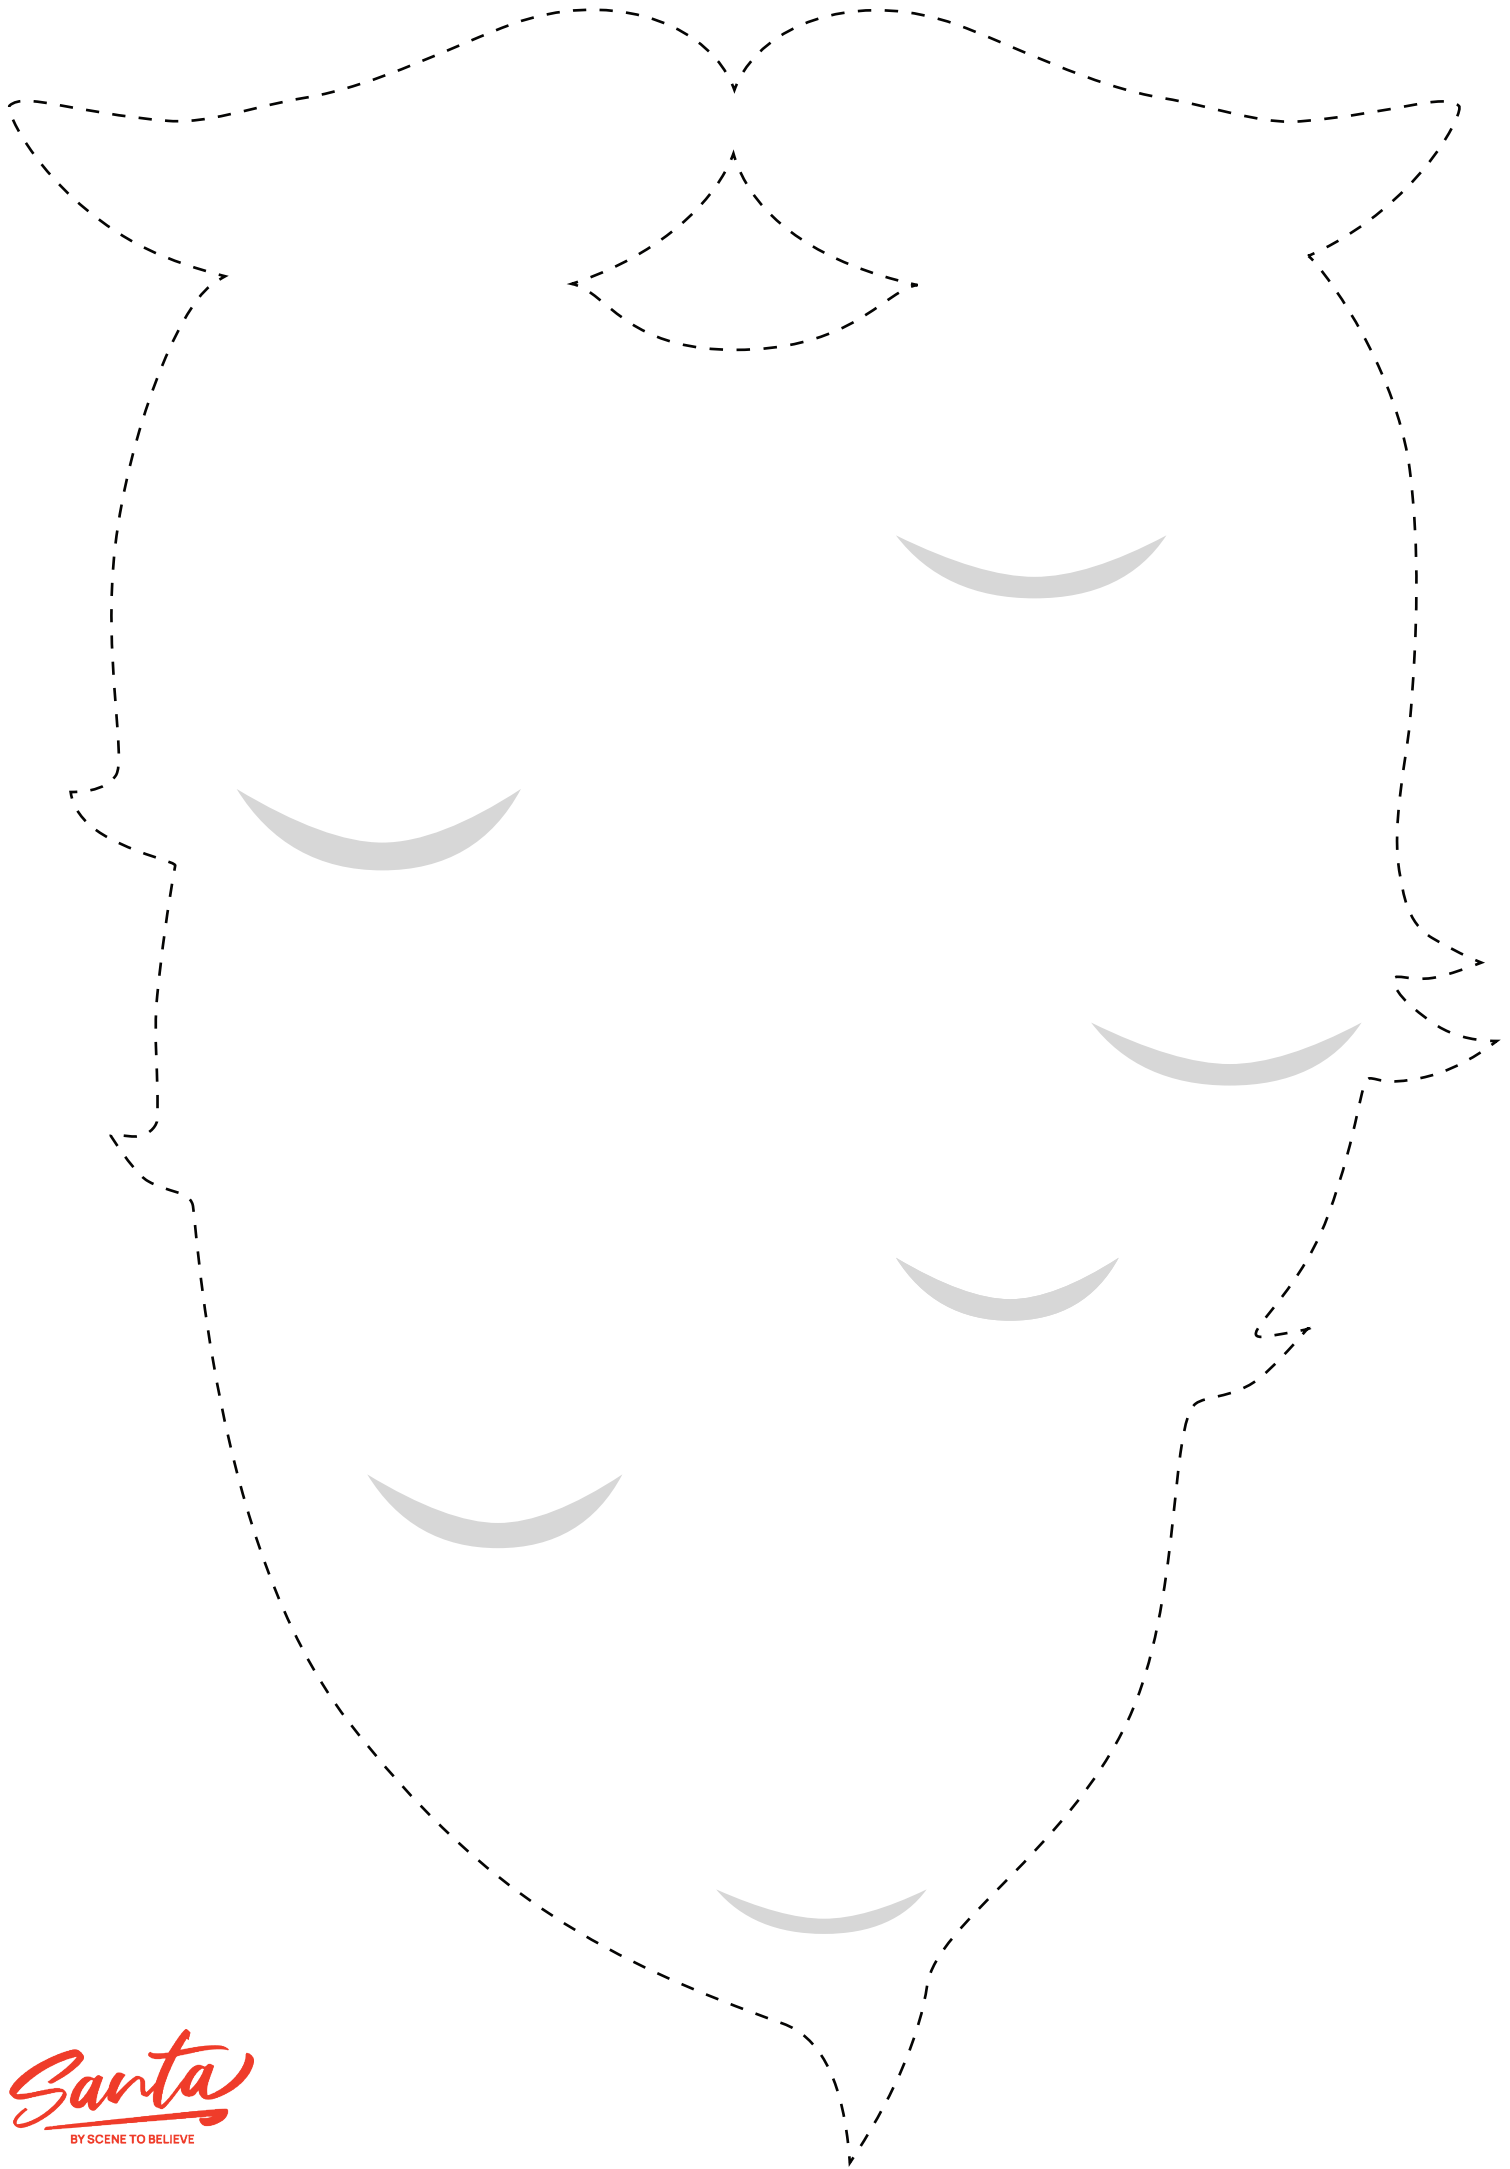

Optional

-  Cardboard Backing
-  Glue Stick
-  String
-  Hole Plier Punch

Instructions

1. Print the template page on A4 paper for a child-sized beard, or on A3 paper to fit an adult. Colour all pieces with your favourite colours, or use what you have at home like sparkles and stickers.
2. With the help of an adult, cut along the dotted lines. To make the beard more sturdy, glue it on cardboard backing.
3. Either tape paddle pop sticks to the beard, or use the hole plier punch to create two holes on either side, tie string through the holes and fasten around your head.
4. Place your Santa's Beard prop around your head and get ready for your photo with Santa!

Instructions

1. Print the template pages onto A4 paper. Colour all pieces with your favourite colours, or use what you have at home like sparkles and stickers.
2. With the help of an adult, cut along the dotted lines on both pages. To make the headpiece more sturdy, glue the pieces on cardboard backing.
3. Staple the two ends of pieces A and B together to have one long strip. With the help of an adult fasten the two ends of the long strip around your head.
4. Staple the two ears (pieces C and D) onto the headpiece, making sure you leave enough room for the antlers.
5. Cut out your antlers (pieces E and F), and staple them in between each of the ears. To make them more sturdy, trace them on cardboard or use tape to attach paddle pop sticks behind the antlers.
6. Place your Reindeer Antlers prop on your head and get ready for your photo with Santa!

You will need

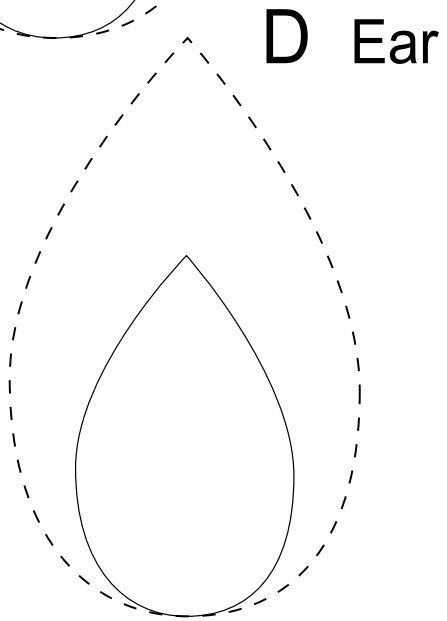

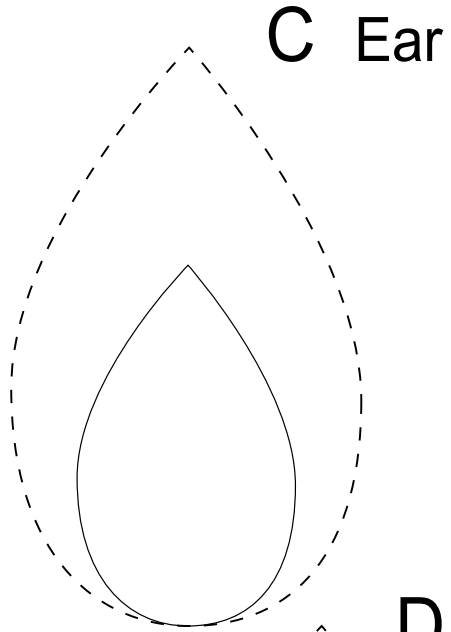

-  Stapler
-  Scissors
-  Markers/Pencils

Optional

-  Paddle Pop Sticks
-  Tape
-  Cardboard Backing
